

May 23, 1939.

Mr. Cum Posey,
324 - 13th Ave.,
Homestead, Pa.

Dear Posey:

Your letter of May 20th received. I mailed box scores of yesterday's games last night. It was my understanding that the umpires put this information in the mail to you after each game. I think it is ridiculous that we people cannot get together on a program so all the newspapers can have the results of games. I received a letter from Gottlieb, asking me to wire results of games to Chester Washington. If he will pay for it, I will.

About your salary if you would send your league fee in, your check would have been sent long ago. Gottlieb has written asking me to deduct his salary due from Phila fees, I can't see why you fellows won't co-operate with me. Your fees should be mailed in and the salarys paid out, both transactions entirely different matters of bookkeeping. The job is difficult enough without all this extra confusion. Handling funds in this way has caused all the confusion in the past. There is bound to be some misunderstanding when you start taking from one thing and giving to another. Please co-operate by sending your fee and I will send salary check by return mail.

Very truly yours,

EM:CCJ
